The 1971-72 Basketball Homecoming atmosphere was enhanced this year by mini-floats. First prize went to Math Club and second prize went to the Senior Class.

A white picket fence entwined with red roses provided a beautiful background for the crowning of the 1971-72 Wildcat Basketball Queen, Dana Clepper.

As I complete my second year as superintendent of Madill Schools, I look back on a year of pleasant associations filled with fun and hard work. Madill Schools have tried to meet the challenge of the unprecedented social and economic changes in our world by providing the best education possible to help our young people better prepare themselves to meet the problems of the future.

I appreciate the cooperative spirit of unity shown among the faculty, staff and students and the determination to meet the high standards of education in order that each student may achieve his maximum potential and live a happy and productive life.

SHARON VAUGHN

During the past 12 years, I have enjoyed the most of my classes and teachers. There were good and bad times but I'll never regret it.

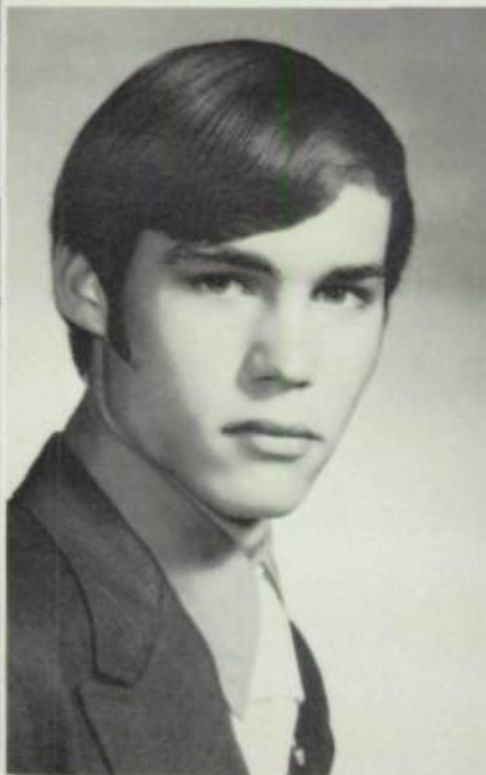

JIMMY WHITTAKER

I have participated in Band for 4 years, Art Club, Vocal Music, and the All School Play.

JIM WADE

My friends in the Senior Class thank you for all the many wild, wonderful, silly moments that your friendship has given to me. I Love you All.

MELODY WIGGS

I have been in Pep Club for 4 years. This year I am in F.H.A. and also play Girl's Basketball.

CHARLIE WAGONER

Do unto others as you would have them do unto you.

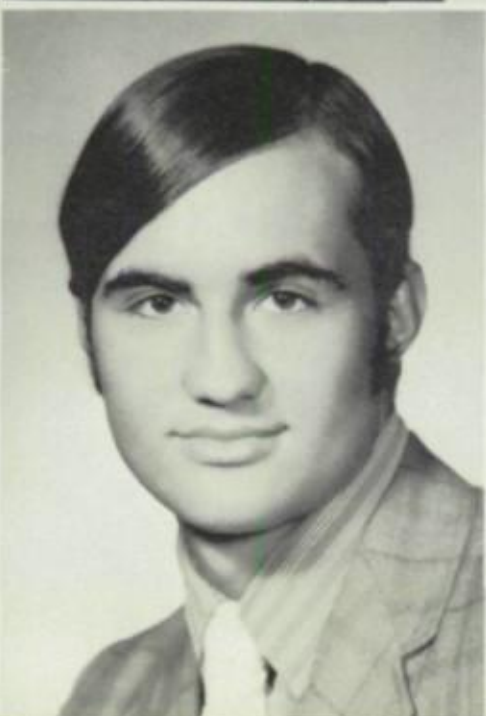

KAYE YOUNG

Make the most of yourself for that is all there is of you.

HENRY WALKER

In the All School Play I was "Sergeant of Arms." I have participated in Art Club, and Lettermen's Club. Football and Track were my chosen sports.

LEROY YOW

I have participated in Art Club, Band, and ran Track. After Graduation I plan to attend Southeastern State College.

ANITA RICHARDSON

I have been Band for 3 years. I accomplished more in my Senior year than I ever dreamed possible. Thanks to all.

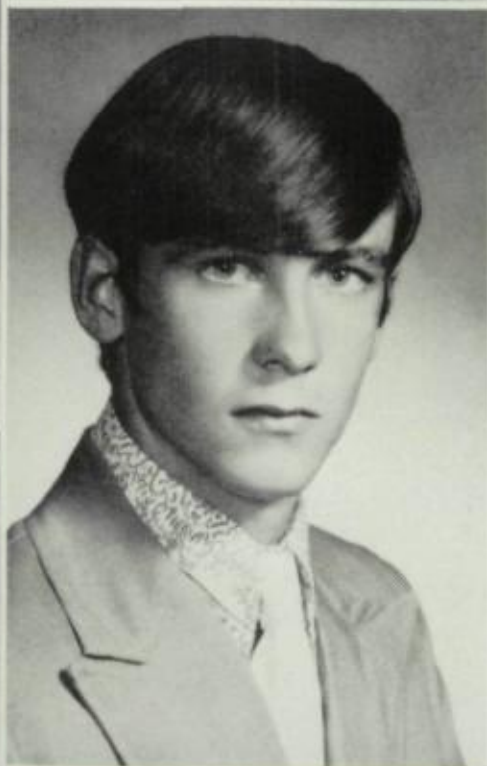

DONICE SELF

I've really enjoyed going to M.H.S. The times were good and bad, but I feel it was worth the time and the effort.

CHARLIE RUSHING

Welding classes at Ardmore my Junior year were the most valuable. I also have enjoyed running track, and being in FFA.

DIRK TAYLOR

It is not the old that are wise, nor the aged that understand what is right. Therefore I say "Listen to me."

TIM SANDERFUR

I was a member of the FFA and Band. I played Basketball also.

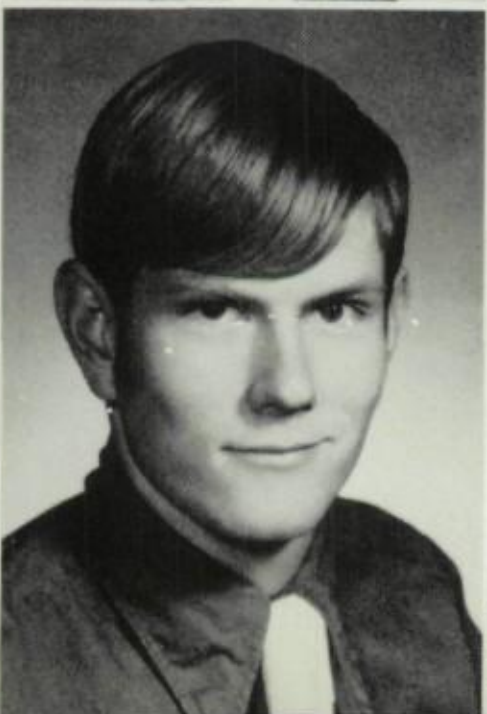

BETTY TEAGUE

Of all the music that reaches farthest into heaven, it is the beating of a loving heart.

DAWES SELF

Suppose he wishes for one woman, waltzing scarecrows wearing clown hats and a balloon that shoots to five new moons.

Wanting the Impossible

RICHARD TUNMER

Spending a year in Madill has proven both a thrilling and rewarding experience. The friendliness of everyone enabled me to easily adapt and become involved.

I thank you all.

SHARON MUNCRIEF

My four years at M.H.S. were the greatest. I have participated in Pep Club, Speech Club, and served as an officer in F.H.A. for two years.

BOBBY PITTMAN

If a task is once begun, never leave it 'til it's done. Be the labor great or small, do it well or not at all.

CATHY O'STEEN

You can't plan the future by the past.

TOMMY PREAST

My accomplishment for my high school years is being able to say I am a Senior. I think school is a very important place to be.

JOANN PENNINGTON

It is not easy to find happiness in ourselves, but it is not possible to find it elsewhere.

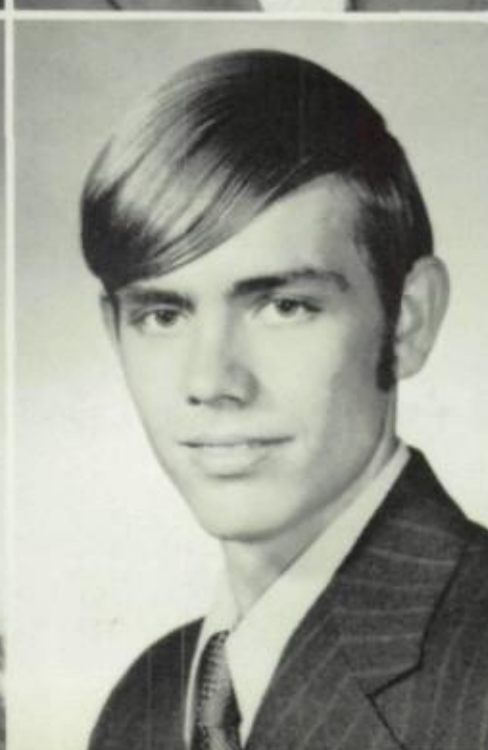

JOHNNY RANDOLPH

I have been in Art Club, and went to State Curriculum in office.

PAM PICKENS

I shall leave M.H.S. with many memories. As I go to something new, I face the future with a little more knowledge, much more expectations and much hope.

DANNY RAY

I have been FFA and VoAg, ran Track, Speech Club, Vocal Music, and was the Pig Farmer of the year.

JEANIE MAYO

Sooner or later one must question his most prized values, doubt his dearest notions, reject his strongest prejudices, and take his chances with truth.

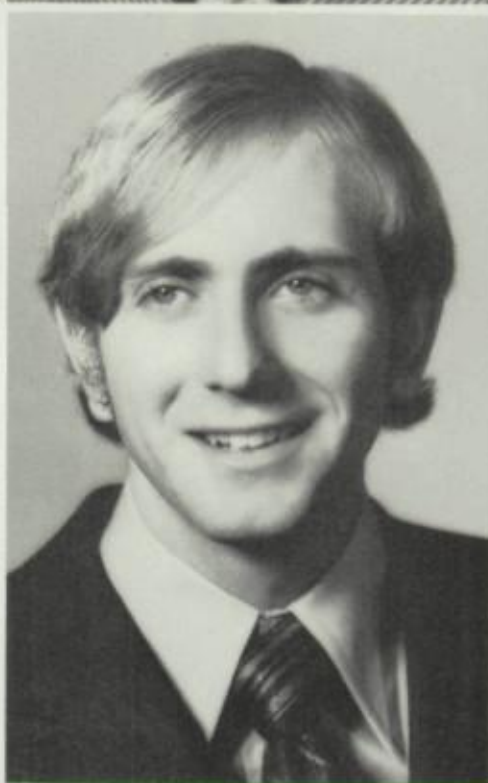

JODIE MINTER

They that would give up liberty for a little safety, deserve neither liberty nor safety.

DON MELTON

My interests in High School have been mainly centered around FFA and Vo Ag activities. My senior year was highlighted as being FFA Vice President and being a member of both Art and Speech Club.

ROBERT MOORE

WHAT IS IT TO DIE?

For what is it to die but stand naked in
the wind and melt into the sun?

And what is it to cease breathing from its
restless tides, that it may rise and expand
and seek God encumbered?

Only when you drink from the river of si-
lence shall you indeed sing.

And when you have reached the mountain
top then you shall begin to climb.

And when the earth shall claim your
limbs, then shall you truly dance.

Kahlil Gibram

On August 16, 1971 south of Madill, Oklahoma,
Dona Robertson met an untimely death. Dona, who was
born October 8, 1954, would have been a senior at Madill
High School. She was very close to most of us, and all of us
will remember her as a cheerful, outstanding person.

On June 19, 1971, an unforgettable tragedy took place in Madill, Oklahoma. Accidents are a common thing to all of us but this one contained more than we had witnessed from others. In it our very dear and greatly loved friend, Tim Walker, lost his life. Born on April 24, 1956, in Durant, Tim had spent all of his life in the Cumberland area. Tim Walker seemed to have something we all wanted. Something that made friends cling to him, people love him. Now we can only be thankful that we have his memories to cling to, and ever do love, for Madill is a better place by him living here for only 15 years.

Tim was not only outstanding for his great personality and accomplishments, but was a fantastic leader. Here he is shown as a delegate to the State FFA Convention.

Death comes to everyone. To the young it arrives tragically and unbidden, but to the old it is a welcome stranger, never seen but always expected.

To the young and old it means not the end but the beginning of a new and fuller life.

We should not grieve for those who pass away because they have only gone the way we all must go. Death, as life, is a great experience.

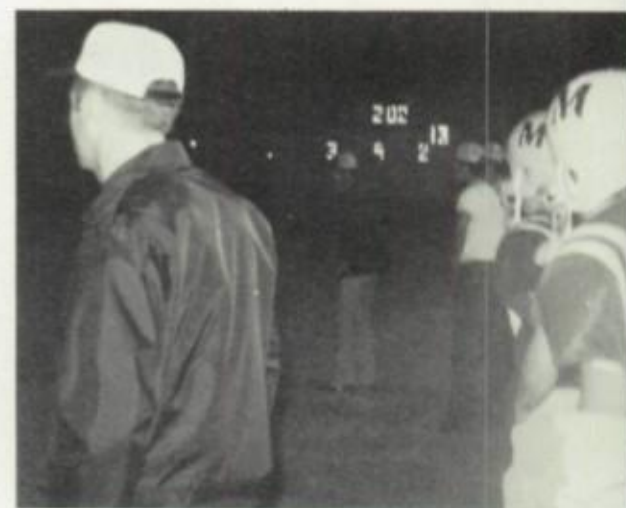

Although it is an adventure into the unknown, yet to the true Christian it is not to be feared; for as Christ has risen, we shall rise and be with Him forevermore.

Tim was one who loved his hobbies as well as his friends. Here he is shown with one of his many prize angus steers he had shown over the years.

Tim was also known for his outstanding showmanship abilities. Here you can see what a great job he has done with another of his prize steers.

The things we see . . . the things we
hear and feel . . . but seldom appre-
ciate or seldom really notice . . .
our high school is all about us . . .
when we take time to stop to see,
and to appreciate.

An examination in self . . . self-
concept . . . self-image . . . self-
purpose . . . necessary to grow, to
change, to evolve into a greater fu-
ture.

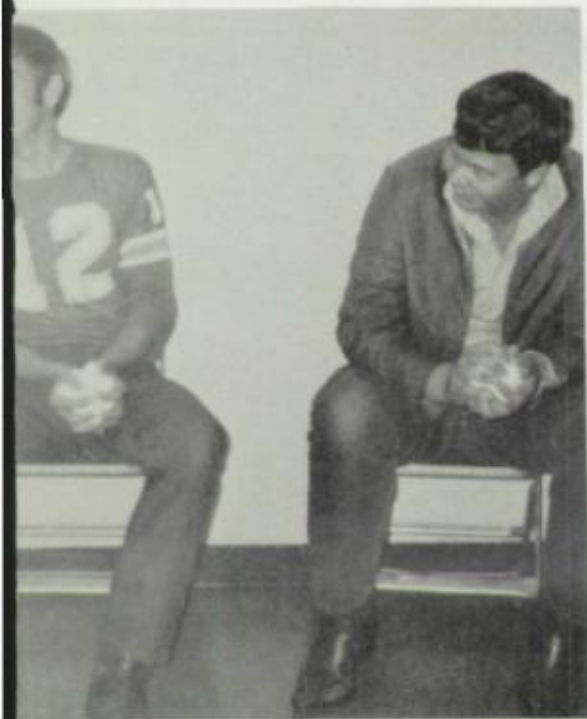

Challenges arise, are faced,
are overcome; we step toward
better understanding of what
we are.

COACH

To feel, to care, to give ourselves To one
more experience that will Help us grow
. . . This is involvement.

*Leslie

Together and apart . . . in mass or
in solitude . . . We strive to find our
individuality . . . to find ourselves
ones and twos we walk the paths of
high school

We compete—spectator and player . . cheering and booing, throwing ourselves into the huddle, empathetically and sympathetically involved.

Wow!

To develop a skill . . . or a natural talent . . . long hours of preparation . . . new ways to learn . . . through demonstration or independent study . . . all a part of a total education . . .

We came . . . and we
listened . . . we agreed
and we argued . . . We
questioned . . . and we
answered . . . but most
important we participated
in the issues that must
concern us all

Best wishes always
Eric

Because we thought you'd like to remember the butterflies before the All School Play, the burn of a tear at the last game, the sensation of being young and alive this year, we caught for a moment images and recorded them in print. It hasn't all been great. There have been some bad times, but there have been some wonderful times, too. Some of us are enthusiastic, some simply bored—some athletic, some poetic, but beneath it all—for a while we were WILDCATS, which, after all, is the connection between you and me.
